YOUTH FIT FOR 55 NEWSLETTER

Youth engagement and education for realising the
Green Deal on the "fit for 55" wave

VOLUME 2

YOUTH CONTEST WINNERS

We are thrilled to announce the winners of our recent **#YFF55 Youth Innovations for Sustainable Living Contest!**

The contest aimed to inspire young people across Europe in promoting sustainability. Participants proposed sustainable ideas to lead European citizens towards a greener, more sustainable way of life.

First place

AlgherArt | Eco-Art Festival

(Filippo Altea & Cecilia Federici)

Award: An action camera, GoPro 12

Second place

BIBO (Benjamin Bienert)

Award: Interrail pass

Third place

DIY- Developing Intergenerational Yarns
(Magda Juchniewicz)

Award: One-year subscription to a digital library

Congratulations to all the winners! Curious about their winning projects, find out more [here](#)

Partners Meet in Cagliari, Italy

On November 4th and 5th, 2023, all partners embarked on a journey to Cagliari for our Second Transnational Partner Meeting.

During lively discussions and collaborative sessions, we focused on creating resources to empower young minds in sustainability and climate action. Our trip offered a wealth of enriching experiences beyond our standard agenda.

In addition to our project meetings, we actively participated in Connesionni activities—an international congress promoting social commitment and active citizenship.

Our involvement allowed us to share insights into the project as well as the Youth Contest, contributing to the collective effort of promoting social and environmental engagement on a global scale.

Awareness Guide Makes an Impact!

Throughout October, YFF55 Partners conducted a high-impact Awareness Campaign, targeting and engaging the youth sector. We're excited to announce that the campaign has officially concluded with resounding success! The enthusiastic response from the community underscores their eagerness to embrace green values and contribute to sustainable practices.

As part of our ongoing efforts to raise awareness about climate change and sustainability, we've conducted insightful interviews and gathered compelling case studies. These valuable resources will contribute significantly to the development of our Awareness GUIDE, providing diverse perspectives and actionable insights.
